GPEC General Police Equipment Exhibition & Conference®

GPEC® is a closed specialised trade fair exclusively for visitors from authorities. The focus lies on the business with police equipment, security technology and services. A congress and lecture programme rounds off GPEC®. This event that is unique in Central Europe addresses the following target groups: Police, Border Guard, Customs, Prison Service, Government Services and Agencies, Special Forces, Military Police and Infantry
 GPEC® takes place every two years in Germany since the year 2000 and reaches executives, technicians, procurement officers, instructors and end users at international national and regional level. Members of parliament responsible for security tasks or budget matters are also admitted.
 GPEC® is the meeting place and international platform for the exchange between authorities, manufacturers, agents and service providers.

GPEC® offers

- as leading exhibition the whole spectrum of current equipment and future technologies
- the focal point with satellite fringe events including an international congress, conferences and special meetings on internal and external security
- a meeting place for manufacturers and agents with executives and decision-makers for procurement matters as well as end users
- an international platform with delegations and professional visitors from Europe and other countries
- the indispensable basis for product and business development between industry and authorities
- about 500 exhibitors at 20,000 sqm exhibit space in hall 2 and an adjacent Congress Center of Leipzig Trade Fair
- convenient location as regards transport facilities (plane, train and car) including spacious parking and loading possibilities

GPEC® promotes

- the interministerial and interdisciplinary exchange of information
- innovations and technologies for state-of-the-art equipment and education of security authorities
- the enhancement of public security, the fight against terrorism and increased homeland security

Product groups of the exhibition

- C4I systems, forensic IT research
- Safety, observation and surveillance technology
- Criminal investigation and detection of narcotics
- NBC protection and explosives disposal services
- Vehicle technology (land, air, sea), traffic control and road safety equipment
- Task force technology
- Clothing, personal equipment, body armour, ballistic protection
- Non-lethal and self-defence weapons, small arms, ammunition, pyrotechnics
- First aid and rescue equipment
- Logistics, education, training, media

Retrospection GPEC® 2008

At GPEC General Police Equipment Exhibition & Conference® 2008 5,971 professional visitors from 62 countries met with 524 exhibitors (320 national and 204 international ones) from 28 countries from 5 continents and informed themselves about developments, technologies and trends in the field of police and special equipment.
 The visit by security experts from 62 countries (increase by 29 %) shows clearly that GPEC® has further strengthened and extended its position as Europe's biggest closed specialized trade fair for police and special equipment in Germany.
