M3 COMBAT VEST

FEATURES

- ✓ Additional to conventional fasteners, this vest offers a quick release handle for one hand use - in case of emergency remove the complete vest with one pull (emergency release)
- ✓ Another quick release handle for one hand use on the back of the vest - in case of emergency opens the side closures with one pull (medic release)
- ✓ Removeable shoulder, collar, throat and biceps protectors, as well as two different types of groin protector
- ✓ Available in several standard sizes and therefore combinable with a hip belt which provides ideal weight distribution and increased mobility
- ✓ Complete coverage with MOLLE PALS system on front and rear
- ✓ Drag handle on the rear to assist in evacuation
- ✓ Optional thigh and lower leg protection available
- ✓ Compatible with side plates (150mm x 200mm) and torso plates (250mm x 300mm)

BODY ARMOR FOR OPERATIONS WITH INCREASED THREAT OFFERING MODULAR PROTECTIVE EXTENSIONS AND A DUAL QUICK RELEASE SYSTEM.
